

## IS Ruhr Referral Programme: Families Introduce Families

At IS Ruhr, we value the positive experiences of our families. Are you a satisfied IS Ruhr parent? Then we would like to give something back to you.

Help other parents bring their children to IS Ruhr! Admission to the Early Years Centre is the start of a child's learning journey through IS Ruhr to Grade 12. Currently, we have waiting lists in the Primary Years, making the Early Years Centre the best way to secure a place.

### How does it work?

1. **Refer a family:** Share your positive IS Ruhr experience by recommending our Early Years Centre to another family.
2. **Referral identification:** When the referred family begins the admissions process, they will include your details as the referring family.
3. **Enjoy the reward:** Once the new family's child is successfully enrolled and their enrolment and school development fee is paid, both families receive a 10% fee remission on the 2025-26 academic year's school fees.

### Why Participate?

- **Trusted recommendations:** Families often trust referrals from those they know. Your positive experience could be the deciding factor for a new family.
- **Launching the learning journey at IS Ruhr:** A place in our Early Years Centre secures a place for children at a time when there are waiting lists in PY.
- **Shared savings:** Both the referring and referred families benefit from the programme.

### Important details

- The 10% school fee discount is a one-time benefit applied to the next complete academic year
- For families with multiple children, the discount will be applied to the tuition of the eldest sibling
- The discount cannot be combined with other discounts such as financial assistance, scholarships, or sibling discounts
- This programme is exclusively for new families joining the Early Years Centre

Let's grow together! For more information about the **Families Introduce Families** referral programme, contact our Admissions Manager, Tessa Zuhorn, [admissions@is-ruhr.de](mailto:admissions@is-ruhr.de).
